Document No. 015NO CHANGE in CLASS. ☐☐ DECLASSIFIED

Class. CHANGED TO: TS S C

By: DDA Memo, 4 Dec 77

Auth:

Date: 8/5/78

Date: MEMORANDUM FOR THE RECORD

10 December 1956

SUBJECT: Request for Training for []

1. At 5:00 p.m., 7 December, Colonel White, DD/S, called me to say that it had come to his attention that [] had made arrangements for a special course to be given the week of 10 December for an individual. The arrangements had been made by [] of FE. He said there had been some misunderstanding and that a [] was also supposed to get this training, or as much of it as he wanted to get, but that he had not been accepted for this training because certain clearances and technical requirements had not been taken care of. Colonel White wished to be informed whether we could include [] in this special training.

2. I [] who was able to get in touch with [] called back to say that, if authorized to do so, he could include [] in the training program and that [] would contact [] directly and make the arrangements.

3. I then called Colonel White to say that we could do this training and that the arrangements would be made. Colonel White stated that he was personally very interested in seeing that this man received this training and that he would take the responsibility for waivers of the usual procedures and requirements. He also stated that he did not have any blame or criticism of [] or OTR in this matter and further stated that a memorandum of his conversation with me would serve as authorization to [] for proceeding with this training.

4. This memorandum, therefore, is the authorization for the Operations School to include [] in this special training program.
